

ARE YOU SHORT ON LABOR?

LABOR COSTS TOO HIGH?

LET US TAKE YOUR GAMES AREA TO THE NEXT LEVEL!

ATTENDANT-FREE GAME SERIES

The **Strike Zone Attendant-Free Game (AFG)** is a bowling themed game that allows guests to roll the balls down the bowling lane and score points without the need for a game operator.

Once the game is started, the game automatically provides balls to the player which must roll the balls into numbered positions to score. If the player can score enough points, they win!

Programmable game settings and options provide a multitude of game play options and styles.

Game Features:

- Electronically controlled and flexible game settings and options.
- Built-in sensors that know when the guest has thrown a ball and then resets the game for the next player.
- Distributes a specialty 2"x 4" ticket that can be exchanged for a prize or collected to trade for larger prizes!
- Add game units to fit your building size!

KEEP YOUR GAMES OPEN - AND - KEEP GENERATING REVENUE!

NO ATTENDANT REQUIRED!
