

BOXER SPIDER

Kalkomat

Kalkomat's Boxer Spider is specially designed for places with space limitations. This machine is a high quality product, but because of its smaller size it will be available at a lower price. Standard Boxer Spider comes as a freestanding unit, but it can be upgraded to a wall-mounted version to save even more space. Boxer Spider's specially designed shock absorbing system tunes down the "bum" sound that can be heard after a hit.
