# THE COOLEST GAMES ON EARTH

**ICE Collegiate Hoops** basketball games are the latest incarnation of ICE's famous Game Time line of arcade games.

**ICE Collegiate Hoops** is a mid-sized basketball game that replaces the most durable street game ever, Hoop Fever.

**ICE Collegiate Hoops**, with new game play, LED lighting, great new sounds and many operator adjustable settings, may just be the best investment for your college game room, activity center or student union.

**ICE Collegiate Hoops** games also feature a removable top cage to accommodate eight-foot ceilings and is totally linkable to include up to four games with a deluxe marquee!

**ICE Collegiate Hoops** games are completely customizable with school logos and graphics. All games utilize a basic black cabinet to make the graphics stand out. This brochure lists a few examples of the over 60 colleges and universities that are currently approved for customization, and the list grows longer all the time.
