

BETSON™

DL-9000 TICKET EATER®

The micro-processor controlled Ticket Eater® with a mid-sized movable display and receipt printer is an incredibly accurate, high speed auto-feed mechanism for time saving counting and disposing of tickets.

FEATURES:

- Dimensions: 12 ½" L x 12" W x 6" H
- Available in 120 Volts AC 60Hz or 230 Volts AC 50Hz
- Accepts standard redemption tickets: 2" x 1 ½"
- Speed: Greater than 13 tickets/second
- Resettable electronic counter
- Movable display dimensions: 9 ¾" L x 2 ½" W x 4" H
- Automatic internal circular blade

The DL-9000 Ticket Eater offers a quick easy to use set up (select either reset or print). Available with a printer for customized winners receipts. An internal inventory counter (7 digit, non-resettable) is also available. An optional ticket eater stand may also be placed for more convenient operations. Perfect for glass counter tops or restricted areas. The external display will rest with the touch of a button.
