ATTENDANT-FREE GAME SERIES

The Roll Down Add'Em Up Attendant-Free Game (AFG) allows guests to play this fun and addicting game without the need for a game operator.

Once the game is started, this seated game will automatically release a ball and the player must try to roll the ball down the lane and score a predetermined amount of points to win. Programmable game settings and options provide a multitude of game play options and styles.

Game Features:

- Electronically controlled and flexible game settings and options.
- Built-in sensors that know when the guest has thrown a ball and then resets the game for the next player.
- Distributes a specialty 2" x 4" ticket that can be exchanged for a prize or collected to trade for larger prizes!
- Add game units to fit your building size!

**NO ATTENDANT
REQUIRED!**
