## ICE COLD BEER, HERE!

Welcome to Retro Arcade, where the past meets the future. Retro Arcade is committed to preserving the glory days of the coin operated arcade machine through innovation and technology – like **Ice Cold Beer**.

### THE MOST FUN YOU'VE HAD IN YEARS

Ice Cold Beer remake features by Retro Arcade include:

- Brand new cabinet and components but will look and play just like the original
- Assembled in the upper Midwest USA
- Completely redesigned operating systems using modern technology and eliminating many of the failure points of the original machines
- Brilliant silk screened glass art
- Proprietary FPGA board design to emulate exact original game play
- Screw drives with powerful stepper motors replacing belt drives
- Sensors on many holes to allow for expanded game plan
- Designed from the ground up with technician input for easy maintenance and repair
- Game upgrade abilities
- Future competition play abilities
- Coin door bill acceptor capable
- Small floor space footprint
- Original leaf spring joystick controllers

# CLASSIC FUN MEETS MODERN GAMING

## QUALITY GAMES

Retro Arcade identifies and licenses unique nostalgic arcade games, and redesigns the machines to incorporate today's technology to provide an enhanced player experience with years of low maintenance game play.

## LICENSED REMAKES

At Retro Arcade, all licensed retro arcade games are built to emulate and look like the original machines using modern cabinet building techniques and updated parts and components. This allows the new machines to play and appear like the originals while offering many updated features.

## MODERN TECH & DESIGN

Many of the retro game enhancements are designed for greater operator reliability, lower maintenance, and ease of operation including bluetooth and wifi connectivity, which allows for remote tracking and updates.

## THE LEGACY MACHINE DEVELOPERS

At Retro Arcade, we want to honor the past by recreating some of the most popular games of the past - while providing profitable options to operators and establishment owners to place these games in locations that have had few, if any, choices for the past 25 years.
