G11 Pulse Kit

Enable payments, enhance experiences.

The G11 Pulse Kit allows retailers to convert cash and coin-only machines to accept digital payment options, boosting sales and reducing the time needed to service your machines.

Utilizing the G11 Pulse Kit to Your Benefit

The G11 Pulse Kit leverages a coin and bill payment simulator to enable cashless payments. With the G11 Pulse Kit, retailers can convert cash/token-based machines to accept cashless payment options and eliminates the hassle of managing physical coins. Plus, the G11 Pulse Kit can accept payments while your customers are in the middle of a session, allowing them to play on without interruption.

G11 Cashless Kit Includes:

- Card Reader
- Telemeter
- Pulse Interface Adapter

Key Features:

- **Accepts digital payments**, including EMV contactless, credit/debit cards, mobile wallets, and loyalty programs.

- **Pulse interface simulation** for enabling a digital payment to process like a coin-drop.

- **Accepts cards in the middle of a session**, allowing customers to add time or top off play credits.

- **Ability to configure up to 8 separate price points** to incentivize consumers to spend more and get more plays.

- **Accepts Interac Flash (tap)**, Canada's most popular payment method.

- **PCI DSS compliant card reader and telemetry system** for highly secure payments.

- **Data encrypted** for secure transmission to Seed Live.

- **Verizon and AT&T 4G LTE high-speed wireless connections** for faster authentication and minimal downtime.

- **Competitive payment and processing rates** at every terminal.

- **Remote insight into machine health**, payments, and usage via the Seed platform.

- **Flexible design** offers multiple mounting options and use in indoor and outdoor locations.

Product Specifications

Device	G11 Pulse Kit (card reader, telemeter, pulse interface)
Manufacturer	Cantaloupe, Inc.
Availability	United States, Canada
Processor	Cantaloupe, Inc.
Payment Methods	EMV Contactless, NFC/RFID, Magstripe, Mobile Wallet, MORE Loyalty Card
